

# TENSA BOOMSTAKE

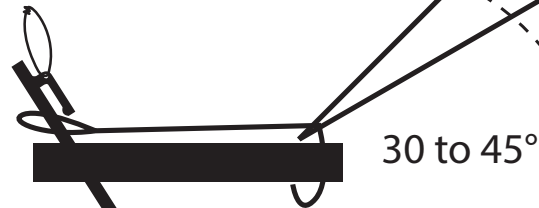

Version 1.2 Fall 2019

## Setup Instructions

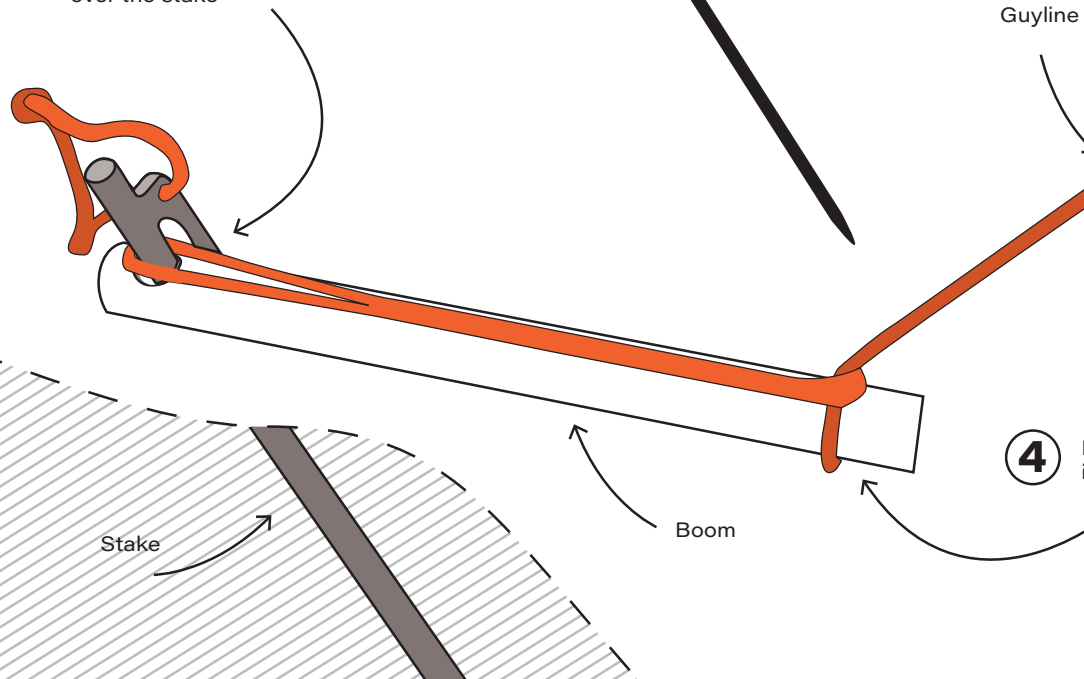

- 1 Assemble Boomstake by inserting the stake into the angled holes on the boom

- 2 Drive stake into the ground keeping the boom level with the ground plane and pointing toward the stand

- TIPS!**  
Put the stake system as far out as practical from the stand

- 3 Loop the guyline over the stake

- 4 Loop guyline under itself in a half-hitch
